2. (Previously presented) The gaming table according to claim 1 further comprising a dealer terminal operatively coupled to said at least one processor, said dealer terminal including a dealer user interface configured to permit said dealer, after receipt of payment from a player, to directly credit one of said player terminals.
3. (Previously presented) The gaming table according to claim 2 wherein said dealer user interface is configured to permit said dealer to pay out to a player, upon request, a remaining credit balance on a player terminal in use by said player.
4. (Previously presented) The gaming table according to claim 1 wherein said at least one game outcome determining device is a roulette wheel and said at least one direct physical interaction of a dealer is selected from the group consisting of manual spinning and manual dispensing of a roulette ball by said dealer.
5. (Currently amended) A method for operating a gaming table, comprising:
  - receiving at a plurality of player terminals, located ~~exclusively~~ at said gaming table, respective player selections of a possible game outcome, occurring ~~exclusively~~ at said gaming table, and player wagers on said respective player selections of said possible game outcome;
  - determining a random outcome for a game, said random outcome being produced by responsive to at least one direct physical interaction of a dealer with a game outcome determining device having a manual operation, said manual operation being initiated by at least one direct physical interaction by a dealer with said device, said manual operation causing said device to produce in which a random characteristic of said direct physical interaction affects a value of said random outcome without intervening automation following initiation by said dealer;
  - comparing automatically said random outcome to said respective player selections; and,
  - determining winning ones of said wagers responsive to said comparing step, and crediting winning proceeds directly to said player terminals based on said player wagers.
6. (Cancelled)
